

## Idea:

### *Locality Based Transitions Forums*

## Inputs:

What resources do you need in terms of people, partners, money, experience etc?

- Non threatening base
- Mixture of young people, parents and others
- Aged 14 and over so younger ones can learn from school leavers
- Lead organisation
- Multi agency input - social work, education, careers, further education, health, provider representation, housing, community education
- Advocacy
- Time and opportunities to discuss barriers and solutions
- Neutral referee

Where should these resources come from / who should fulfill these roles?

- From integrated teams
- Funding (where from?) - Third sector or local authority or Government
- College input - from key personnel

## Outputs:

List the outputs you expect from the project e.g. activities, participants, documentation

- Map/directory of transitions resources
- Clear process
- Action plan
- Evaluation and review
- Communications tools
- Young people and parents more informed re options and choices
- Increased confidence of young people

## To do list:

What are possible next steps?  
By who? By when?

- Consult schools / school parent council
- Further discussion in disability teams
- Seek stakeholder buy-in
